

Summary	There is validation and error message when user enters an age below the requirement
Reporter	Novia Rahma Nur Azizah
Priority	High
Severity	High
Date	6 June 2026
Description:	1. Login 2. Input user name 3. Input age <17 y.o 4. Click submit
Actual	There is validation and error message when user enters an age below the requirement
Expected	System should display error message and prevent submission when the input age is below the minimum.

Evidence:

The screenshot shows a web browser window with the URL `belajar-bareng.onrender.com/add`. The page has a pink and blue gradient background. In the center, there is a white card titled "Add Users" with a "Secret Code" label. Below the title, there are two input fields: the first contains "eaa" and the second contains "10". A red rectangular box highlights these two input fields. Below the inputs is a blue "Submit" button, followed by three smaller blue buttons labeled "List", "Update", and "Delete". At the bottom of the card, there is a "Documentation" link and a "Send Feedback" form with a placeholder email address "@gmail.com". In the bottom right corner of the page, there is a blue button labeled "Uang Rekeh".
