

Sign In Form SCN 001 Verify that there are no copywriting errors in sign in form TC 001

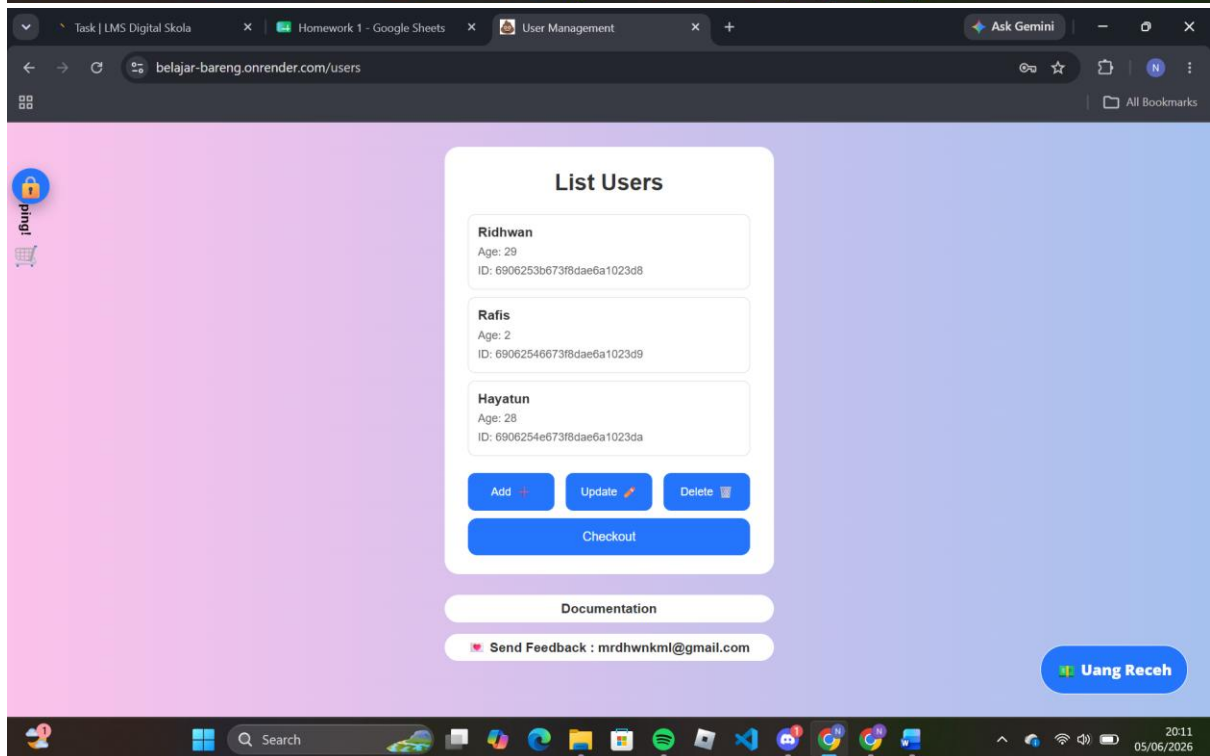

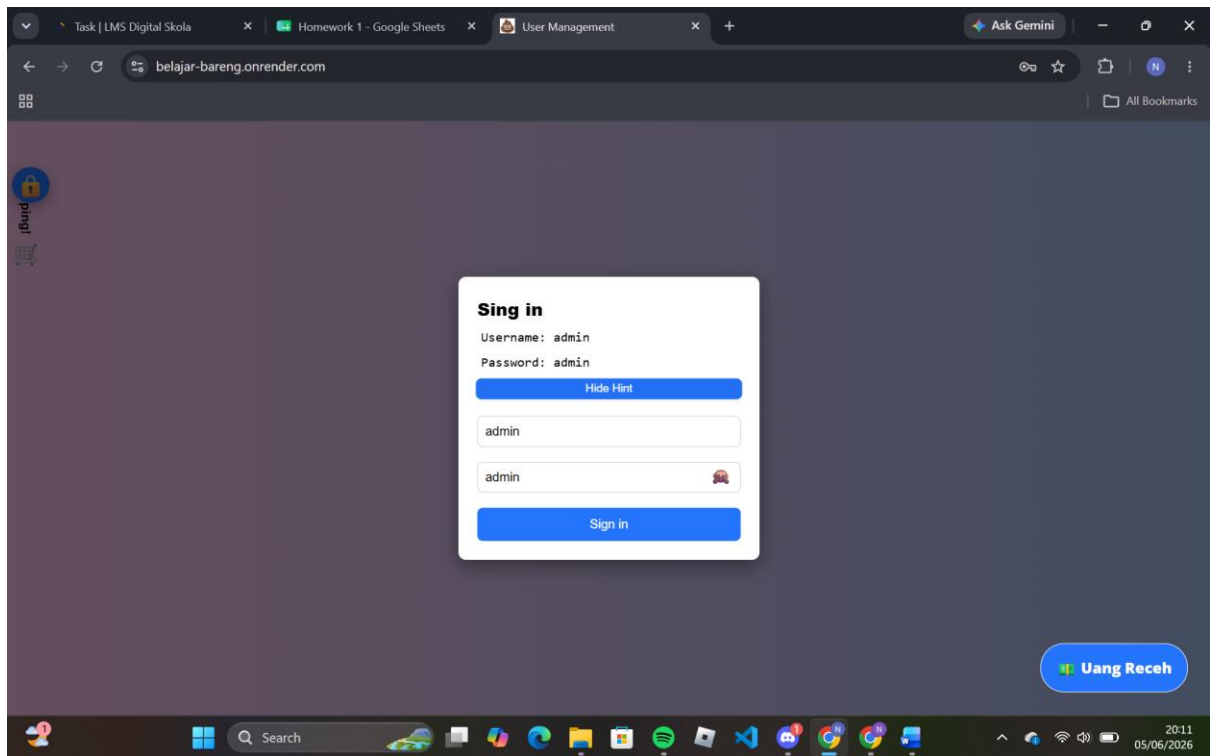

The screenshot shows a web browser window with the URL `belajar-bareng.onrender.com`. The page has a dark purple background. In the center, there is a white "Sing in" form. The form contains a "Show Hint" button, a "Username" input field, a "Password" input field with a toggle icon, and a "Sign in" button. In the bottom right corner, there is a blue button labeled "Uang Rekeh".

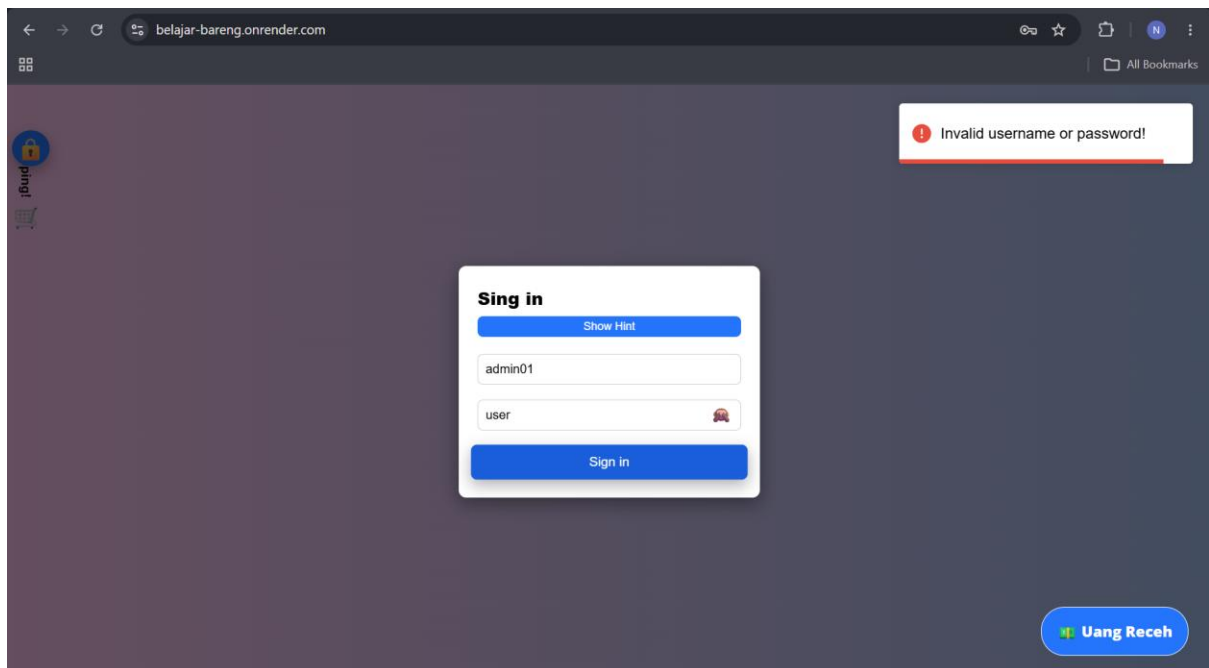

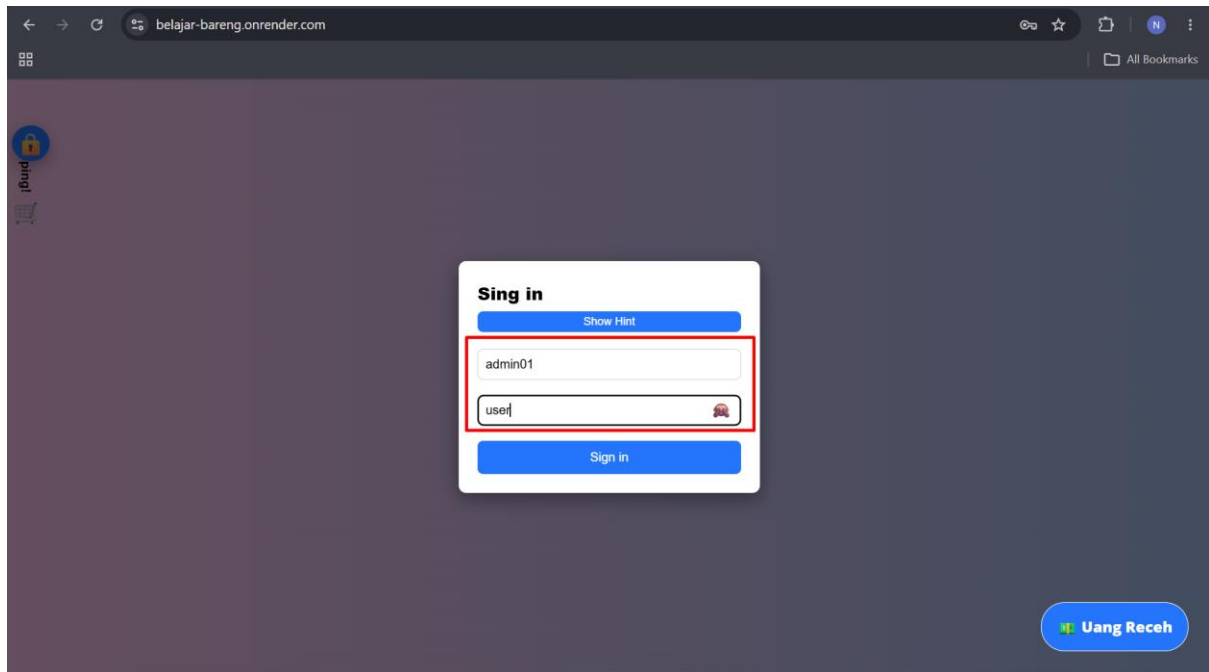

Sign In Form SCN 001 Verify user can login with valid credential TC 002

This screenshot shows the same "Sing in" form as the previous one, but with the username and password fields filled with the text "admin". The "Sign in" button is still visible. The browser window shows multiple tabs, including "Task | LMS Digital Skola", "Homework 1 - Google Sheets", and "User Management". The Windows taskbar is visible at the bottom of the screen, showing the date and time as 20:11 on 05/06/2026.

## Sign In Form SCN 001 Verify user cannot login with invalid credential TC 003

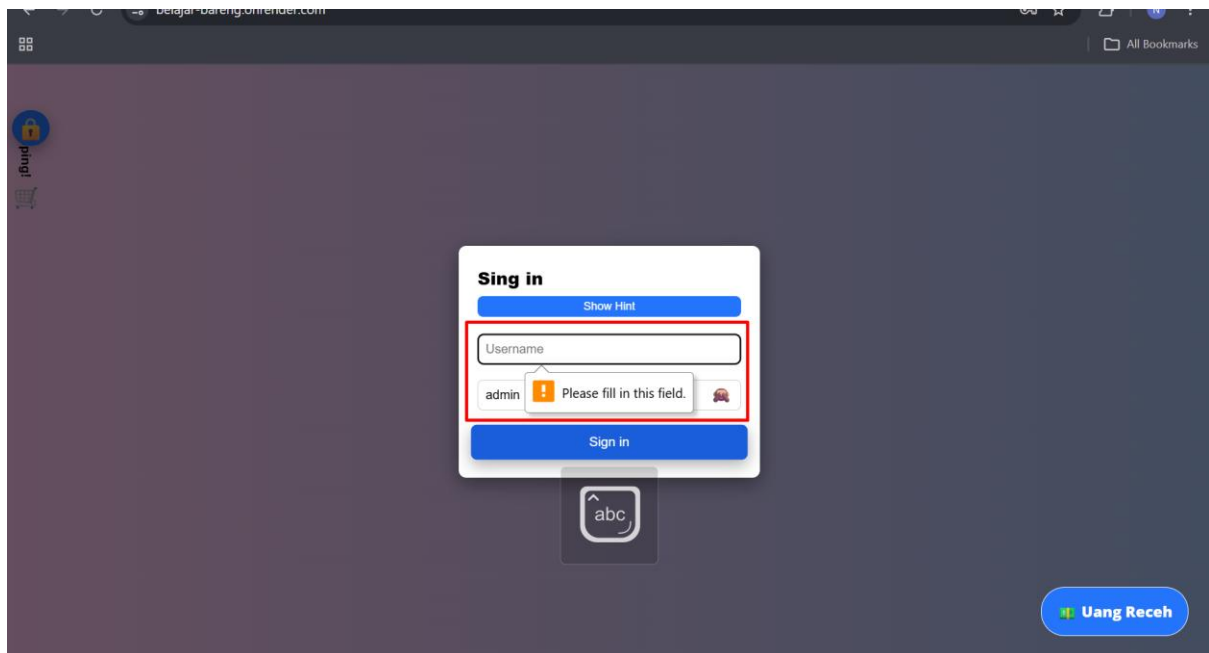

## Sign In Form SCN 001 Verify system distinguishes uppercase and lowercase letters TC 004

The image displays two screenshots of a web application's sign-in form, illustrating a test case for case sensitivity in username and password verification.

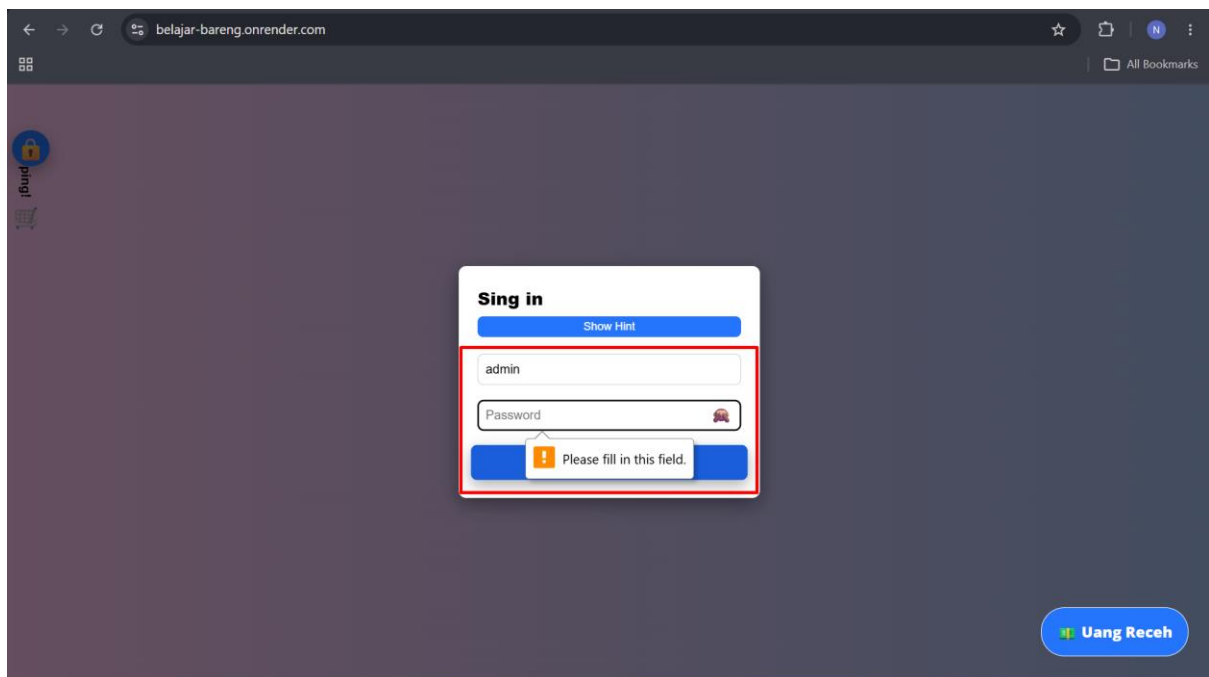

**Top Screenshot:** The sign-in form is titled "Sing in". It features a "Show Hint" button, two input fields (username and password), and a "Sign in" button. The username field contains "ADMIN" and the password field contains "ADMIN". A red rectangle highlights the input fields. Below the form is a button labeled "Uang Rekeh".

**Bottom Screenshot:** The same sign-in form is shown, but with an error message displayed above it: "Invalid username or password!". The username field still contains "ADMIN" and the password field contains "ADMIN". The "Uang Rekeh" button remains at the bottom right.
